BROWN BEATEN

Score 12 to 5, the Providence Eleven Putting Up a Plucky Battle-Dartmouth Defence a Brilliant Feature.

Boston, Nov. 20.-Dartmouth and Brown fought out a royal game of football before 12,000 enthusiasts at the Huntington avenue ball grounds yesterday afternoon, and Dartmouth emerged from the fierce, gruelling struggle with the score 12 to 5 in her favor.

The ferocity of the playing was un-paralelled in the unnual contests of the

great rivals.

Both teams, easily measuring up to the standard of elevens in the ranks of the so-called Big Four, added to their finished offence and defence an extraordinary quantity of spirit.

Dartmouth started off with a mighty

rush and before Brown could recover from the well-directed assaults of the Dartmouth backs, two touchdowns were made and two goals kicked. Valiantly returning to the fight Brown hammered the giant Hanover line consistently and worked the hall almost to Dartmouth's line, when a distance penalty forced a place kick, which went wide of the mark.

This did not dishearten Brown. They retaliated with another series of smasles and on a poor place-kick Capt. Schwinn and Russ, the fleet ends, tore down on Melvin and dumped him so hard that he dropped the ball. Like a flash Russ dove for it. He regained his feet quickly and made for the line, only 15 yards away. The Dartmouth men tore after him but Ross kept on and completed his dash with a dive for the coveted chalk mark. It was a daring piece of work, but he rolled over with the leather tightly clenched under his right arm. Two Dartmouth men came within an ace of nailing the Brown-

stockinged sprinter, and in their unxiety they shot headlong at him.
Russ did not have time to turn before they were on him and the collision resulted in a broken rib for the star end. Gamely he continued, and though the pain was exeruciating, he stuck to his task until well into the second half, when Ingalls was ordered to replace

The Thanksgiving Bird.

The original name of the turkey was oocoocoo, by which it was known by the native Cherokee Indians, says the Sunset Magazine. It is supposed that our Pilgrim Fathers, roaming through the woods in search of game for their first Thanksgiving spread, heard the oocooco calling in the familiar tones of our domesticated fowl "Turk, turk, turk." These first Yankee huntsmen mistaking this frightened cry of the bird for its real song, immediately inbeled it "turkey," and turkey it is to this day. Much more beautiful and musical was the Indian name "on-coo coo," the notes peculiar to the flock when sunning themselves in perfect content on the river beaches.
